Subject: Anti-Trust Suit Against Microsoft

We feel quite strongly about the government filing suit against Microsoft. We have always felt that the Clinton Administration envied Bill Gates for his financial standing.

We would like to see this suit dropped. Microsoft has been very good to its employees. It has also done a great deal of philanthropic work.

Lets end this legal fiasco by dropping this suit and letting them get back to doing what they do so well. Let them help the economy by creating jobs.
